

Do You Have Pennsylvania's Oldest Refrigerator?

JACO Environmental is teaming up with participating electric utilities to find Pennsylvania's Oldest Refrigerator. The contest will recognize and reward the customer of each participating utility who turns in the oldest qualifying refrigerator or freezer within each utility's service territory and the customer with the oldest appliance turned in statewide.

By recycling a working refrigerator or freezer through your electric company's recycling program, you'll earn a rebate and save up to \$150 a year on your electric bill. If you recycle the oldest refrigerator or freezer in your utility's service territory, you'll receive a \$250 gift card from Sears and you'll be entered into the statewide contest. The person who recycles the oldest refrigerator or freezer in the state will receive an additional \$1,000 Sears card. For the terms and conditions of the contest, visit www.jacoinc.net/weborder/oldestfridgecontest.aspx.

For more information, contact your local electric utility. To learn more about JACO Environmental, visit www.jacoinc.net.

The contest ends August 31, 2012 so act now and you might be rewarded for having the oldest refrigerator in Pennsylvania!
